

DIVIDEND POLICY

OF

InPost S.A.

InPost S.A. will consider the opportunity to pay a dividend in the medium term while maintaining financial flexibility to invest in its growth both organically and inorganically.

The payment of dividends, if any and the amounts and timing of these dividends, will depend on a number of factors, including future profits, financial conditions, general economic and business conditions and future prospects and such other factors as the management board of InPost S.A. may deem relevant, as well as other legal and regulatory requirements.
